

The RENEW lab is looking for 8-10 year old children to participate in a study on health behaviors

Participating children will:

- ✓ Complete questionnaires and interviews
- ✓ Complete problem-solving tasks on the computer
- ✓ Have their height, weight and body measured
- ✓ Complete a DEXA scan, or an x-ray of your muscles and bones
- ✓ Walk on a treadmill for about 20 minutes
- ✓ Eat breakfast and lunch

Participating parents/caregivers will:

- ✓ Complete a few questionnaires and interviews
- ✓ Have their height and weight measured

Children and their parents can earn up to \$290 for attending three study visits on the University of Oregon's campus (we have free parking!). To be eligible, families must live at least 10 miles outside of Eugene, Oregon.

If you are interested in participating or would just like to hear more, you have three ways to contact us:
