## REMIND

Join the remind app to receive texts/emails from school admin for school cancellations, reminders, and updates by texting **@Shcsparent** to **81010**  
Check class newsletters for teacher remind codes.

## Willamette Valley Pie Fundraiser

Thank you to everyone who participated in our pie Fundraiser! Between all 3 campuses we were able to raise \$7000! We hope you enjoy your items and we thank you for helping support our cause!

## Teacher Contact

Please use teacher remind/email to notify teachers of class specific topics such as grades or party information. Please utilize the office for any other questions/concerns to be iterated to teachers or administration.

## Morning Drop-Off

For safety reasons we will be using one entrance for morning drop-off, the main building door by the office. This is to insure all students are safely making it into the building with staff present to greet them. The wooden gate will be locked before and during school.

## After School Pick-Up

To help with congestion of cars in the parent parking lot, please pick up your children and exit the lot ASAP to prevent traffic and safety issues.

PLEASE CHECK THE BACK SIDE FOR MORE INFO

## Trunk or Treat

We will be starting a new tradition for Harvest festivities! **We are asking for candy donations and 10 parent volunteers** to hand out candy to students in our parking lot **on Oct. 26th @1pm. If you would like to volunteer please call the office** as we have 8 out of the 10 positions still available. We will be doing this in place of dressing up, look for more info about classroom harvest parties from individual teachers.

## Health/Safety

Students are to stay home with any cough, cold, diarrhea, sore throat, fever over 99.5, and will be sent home from school with any sickness. Returning after any illness is stated within our Handbook. If there is a positive case of COVID-19 within the child's household the student, being exposed, will not be allowed to attend school while quarantining the appropriate amount of time. Please send your child to school with a clean mask each day. Following ODE/CDC Guidelines students will be wearing masks inside and outside.

## Drills

Today we had a fire drill and earthquake drill. We want each student to understand and be aware of the importance of this drill and not be afraid when the fire alarm is sounded. By practicing they will know what to do and how to do it. The purpose of the Earthquake drill is to be prepared to move to a safe location within the building in case of severe weather or tornados.
